

Health Services Advisory Group (HSAG) and  
the Arizona Department of Health Services (ADHS) present:

# Blood Pressure Control Protocol Training

HSAG and ADHS are offering a one-hour webinar training on the American Heart Association blood pressure reading protocol to support care coordination staff and to expand and refine their skill sets in chronic disease management.

Whether your organization is transitioning existing staff to become care coordinators or hiring new staff, this training will benefit them.

**Thursday, August 4, 2022**  
**11:00 a.m.–12 noon MST/PST**

## Objectives:

- Understand what blood pressure is.
- Identify how to properly measure blood pressure.
- Recognize normal versus abnormal blood pressure readings.
- Identify actions to take if the readings show abnormal blood pressure.

## Speaker:

Pam Fick MS, RN, MBA,  
Senior Lecturer, Master's  
Entry to the Profession of  
Nursing (MENP) Program,  
University of Arizona  
College of Nursing
