

Creating Options for the Future

Expanded Scope of Audit Capabilities—HHS RADV IVA

HSAG now offers Health and Human Services’ Risk Adjustment Data Validation Initial Validation Audits (HHS RADV IVAs). With expanded capabilities that complement our traditional services, HSAG helps your organization achieve economies of scale without sacrificing quality. HSAG has an expert team of highly experienced staff, including:

- Credentialed Actuaries
- Certified Healthcare Effectiveness Data and Information Set (HEDIS®) Compliance Auditors (CHCAs)
- EDGE Server (External Data Gathering Environment) Professionals
- Licensed Registered Nurses
- Certified Medical Coders

Our Unique Audit Approach

HSAG is your single entity for all auditing needs with an extensive history conducting audits across diverse organizations, which is built upon a customer-centric, collaborative approach and innovative tools that assist healthcare entities with collecting and reporting valid and reliable measure rates. Through flexible timelines, targeted technical assistance, and standardized audit tools and reports, our audit experts make the audit experience rewarding and beneficial for customers.

Our Audit Pathway

- Provide a personalized approach to the audit experience
- Ensure key documents meet the Centers for Medicare & Medicaid Services (CMS) expectations
- Reconcile EDGE server information for accuracy
- Validate Prescription Drug Category (RXC) data to match CMS specifications
- Verify enrollee health status data against substantiated coding through the following steps:
 - Medical Record and Chart Retrieval
 - Medical Record Review and Diagnosis Abstraction
 - Consolidate Findings and Document Results
- Certify results and document per CMS guidelines

Audits Experience

- More than 950 NCQA HEDIS Compliance Audits™ conducted
- Medicare Part C and Part D Validation
- Financial Alignment Initiative (FAI)
- Over 900 Performance Measure Validations (PMVs) and Information Systems Capabilities Assessments (ISCAs), and Readiness Reviews conducted
- Align. Measure. Perform™ Audit Reviews (AMP)
