

Am I Up to Date?

Anyone 12 years or older is considered up to date with COVID-19 vaccinations if he or she has received one dose of the 2024–2025 updated COVID-19 vaccine at least 2 months after getting the last dose of any COVID-19 vaccine.

People who are moderately or severely immunocompromised should speak with your healthcare provider for additional information.

Have you received a 2024–2025 updated COVID-19 vaccine?

Yes

No

Have you received a 2023–2024 COVID-19 vaccine in the last two months?

Yes

No

Up To Date

Not Up To Date

Please talk to a nurse about vaccinations if you are unsure of your status.
