Care Transition Mission

Our [facility name here] team is committed to:

- Improving coordination for all patient care transitions in my facility.
- Providing care and services to meet the needs and exceed the expectations of those we serve by focusing on providing efficient, effective, timely, and patient-centered communication with all providers serving the patient.
- Fostering a collaborative, interdisciplinary environment that encourages individual and team accountability to promote workforce excellence.

We pledge to:

- Include care transitions on the agenda of every team meeting and/or huddle at our facility.
- Invite external partners to a meeting focused on uncovering promising practices and strengthening community relationships.
- Use ESRD Network and Centers for Medicare & Medicaid Services (CMS) resources for patients and staff to improve communication and reduce unnecessary readmissions.
- Identify an external provider each month and focus on cultivating improved sharing and communication as care partners.

This signature represents our team's commitment to help reach the goal of improving care coordination and patient safety across healthcare settings for all kidney patients and their families.
