

Transplant Ready Review Checklist

This checklist helps dialysis facility staff keep patients who are on a transplant waitlist engaged, active, and ready to receive a transplant. This checklist should be reviewed with the patient twice per year to assess if additional support or interventions are necessary to ensure the patient remains "transplant ready."

Patient name: _____

Date:

Patient's transplant center:

Note: Review the facility's End Stage Renal Disease (ESRD) Quality Reporting System (EQRS) transplant dashboard to be sure all patients are documented and listed correctly. Learn how to access the ESRD Transplant Dashboard with instructions found at the <u>EQRS instruction sheet</u> once it is posted. Additional provider and patient transplant support resources can be found here: <u>https://www.hsag.com/en/esrd-networks/transplant/</u>.

Patient's Transplant Status per EQRS:

Active/date:	□Inactive/date:	List reason for inactive status and immediate action (s) taken (i.e. contact
transplant center):		

Communication		
	Confirm with patient their next transplant center appointment. Appointment date and time: With whom:	
	Confirm the transplant coordinator's name, and their contact information.	
	Does the patient have all transplant center contact information programmed in their phone? Yes No If no, assist patient with adding contact to their phone contact list.	
	Confirm the patient's current phone, mailing address, and health insurance information has been updated with the transplant center. When was it updated last (MM/DD/YYYY)?	
Health Management		
	Confirm the patient's next routine appointment with their primary care physician. Appointment date and time:	

Is the patient actively monitoring their weight to meet the body mass index (BMI) transplant requirement? If no, assist patient with creating a plan to monitor their weight and exercise. Consider a referral to a dietitian. What is the patient's weight now? Gain or loss since previous assessment?
Is the patient engaged in an exercise program? Is the patient appropriately managing their diet?
Confirm if the patient had any recent hospitalizations?
Confirm if the patient had any of the following: Recent or active infections? □Yes □No If so, please describe:
Is the patient current with all routine screenings, vaccinations and tests (mammogram, pap tests, colonoscopy, dental, electrocardiogram [EKG])?
Is the patient current with monthly laboratory testing that needs to be sent to the transplant center? If no, action taken:
Is the patient currently missing or shortening any treatments? □Yes □No Is the patient taking medicines as prescribed? □Yes □No Is their substance/tobacco/alcohol use? □Yes □No Does the patient have any dialysis access issues? □Yes □No If the patient answered yes to any of these, what actions were taken:

Psychosoci	al
	Does the patient have any unanswered questions, fears, or concerns about transplant? Yes No If yes, what actions were taken:
	How motivated is the patient to get a kidney transplant, on a scale of 1–5, 1 = not at all motivated, 2 = somewhat motivated, 3 = motivated, 4 = very motivated, 5 = extremely motivated?
	Does the patient need an updated depression or other mental health screening? □Yes □No Does the patient have any untreated depression or mental health concerns? □Yes □No Is a referral for mental health evaluation and or treatment indicated? □Yes □No If yes to any of these, when was the screening completed or referral placed:
	Does the patient have caregiver support post-transplant? □Yes □No If so, who? Does the patient have a place to stay post-transplant that is close to transplant hospital? □Yes □No If yes, where? If no to either of the question above, assist the patient with developing a plan for caregiver support and housing.
	Does the patient have any unaddressed health-related social needs (i.e. transport, housing, insurance)? Yes No If yes, what actions were taken:
Education	
	Has the patient been educated on the following items: High Kidney Donor Profile Index (KDPI)? □Yes Iving donation? □Yes Multiple transplant center listing? □Yes Transplant center processes including portal access and usability? □Yes If no to any of the above, provide education and document date of completion. See https://www.hsag.com/en/esrd-networks/transplant/ for resources as needed.

	Does the patient have limited health literacy, communication concerns, or language needs? \Box Yes \Box No If so, was education adjusted to meet the unique needs of the patient? \Box Yes \Box No	
	Does the patient report any physical disabilities that need to be addressed? Yes No If yes, what action was taken:	
Additional Issues/Concerns		
	Any other issues/concerns that need to be addressed? Yes No If yes, what actions were taken:
